

## **Arthington Parish Council Annual Parish Inspection - Compiled 7th July 2020**

*Due to the Corona Virus Pandemic, this year's Parish Inspection was conducted independently by councillors, and reported back to the Clerk for this document to be compiled.*

### **Arthington Garth**

- Gutters need clearing
- Potholes on pavements, potential hazard
- Arthington Garth road sign restricted by foliage

### **West View**

- Needs resurfacing at beginning to make entrance level with road and to remove potholes

### **Station Road/Valley View**

- Large potholes near entrance
- Tree trimming near Telegraph pole cables / end house

### **Creskeld Lane**

It was noted that the Lane is generally in good condition.

- Fly tipping halfway up the lane - ACTIONED
- Potholes outside Swiss Cottage – *one pothole has been fixed since being reported*
- Hedge opposite Creskeld Cottages needs trimming - ACTIONED

### **Bus Shelter**

- Roof stone needs reseating/replacing
- Needs weeding out front and leaves sweeping up, general tidy up

### **Warren Lane:**

- Litter in hedges at top half
- Bottom ¼ towards the viaduct is quite muddy and potholed
- Fly tipping in entrance to field next to water works – REPORTED

### **Arthington Lane / A659:**

- 30mph repeater sign between Post Office and School House not visible to traffic coming from west – REPORTED
- Pothole around drain in similar place on north side of carriageway - REPORTED

- Hedge between Post Office and School House needs trimming, encroaching on pavement
- One small pothole outside Village Hall gate – REPORTED
- At “Self-seeded tree bend” the road markings are now non-existent
- Bench at the bottom of Black Hill is in an unsafe state - TO BE FIXED / REPLACED?
- Pavement in need of resurfacing from bend in road to Creskeld Lane
- 40 mph, Arthington Village main 30 MPH road signs all restricted by foliage
- Just after bridge cables across road being interfered with low hanging branches
- Pothole by main drain cover needs repairing
- Hedge trimming along pavement needed

### **A658 – Foot of Black Hill Road to the Nunnery**

- Footpath from bottom of BHR to the church is in very poor condition and the kerb edgings are almost level with the road.

### **Rawden Hill and Bedlam Lane**

- The junction between the two needs attention to potholes and erosion. Bedlam Lane has places where the road edges have been broken away.

### **Black Hill Road**

- Heading north up BHR, the gullies on the right just before the bend need clearing
